

Bring Your Business Anywhere

P510s / P510si

The World's First Portable 6-inch Roll-Type Digital MobileStudio
And also supports direct wireless printing

Portable Design

Direct Wireless Printing

User-Friendly Workflow

► HiTi Innovation: Studio-on-the-go

Since its establishment, HiTi has strived to create convenience for digital photo printing users. After successfully developing the world's first Standalone Photo Printer, HiTi continuously makes efforts in developing the all-new Studio-on-the-go product with easy-carry appeal, allowing customers to bring their photo business anywhere.

Studio
on the go

► Light-Weight and Portable Design

Light-weight 6-inch Roll-type Digital MobileStudio

Weighing less than 14kg, the HiTi P510S is the world's first 6-inch roll-type photo printer combining portability, high printing speed, and high media capacity in one product. Designed for professional users, the P510S gives you the flexibility to do on-location photo finishing.

Easy to Carry, No Geographic Boundary to Your Business

With its dedicated carrying case, you can easily bring your P510S with you to wherever your work demands.

► Digital MobileStudio *

First 6" Roll-Type Printer with Wireless-for-Camera Capability

An embedded Wireless-for-Camera device within the P510Si provides the easiest way to print from a digital single-lens reflex camera (802.11a/b/g compatible)

Wireless-for-Phone Application

The P510Si is capable of printing from a mobile device via a Bluetooth compatible connection (IEEE 802.15 compatible) allowing users the ability to conveniently print in all environments.

Expand Your Business Opportunities

With its embedded wireless device, the P510Si allows photographers to shoot and print in large venues where a variety of events such as VIP night, wedding parties, and sporting activities typically take place

Bring Your Business Anywhere

HiTi P510S / P510Si

Digital MobileStudio

► Your Digital MobileStudio Solution

The HiTi P510S Digital MobileStudio provides a turn-key solution for all your photographic needs. PRINTER... PROFESSIONAL DESIGN SOFTWARE... CARRYING CASE... CONSUMABLES. HiTi has everything you need for your mobile photo printing business.

Practical Software/Utilities

► eFrame Converter

eFrame Converter is a dedicated utility/tool for users to convert TIFF files into HiTi designated eFrame formats. You design the eFrame in PhotoShop, then use eFrame Converter to change the TIFF design into the specific file formats the HiTi P510S printer can read.

► EventDésirée Deluxe

Designed for event business, the software is especially for users who want to print a large quantity of photos under limited time period. By applying EventDésirée Deluxe, it is so much easier to convert JPEG files into HiTi designated event template formats and make great quantity of photo printing.

► ID Creator

Designed for Passport/ID photo users. You can easily design multiple ID formats in a few simple steps and then load them to the printer for further use.

► IDQuickésirée

PC-based software gives users the ability to print Passport/ID photos.

Optional Carrying Case

The HiTi tailor-made carrying case is made to carry and protect a HiTi P510S photo printer and accessories. Inside the case, upper panels of shockproof and cold-molded laminate provide extra protection for your printer.

► World Leading Output Quality

At HiTi, we are always devoted to new technology development and provide best digital output quality to our customers. As a 6-time DIMA award winner, HiTi is committed to offer the most outstanding output quality ahead of the market.

10-bit Color Engine

By adding an all-new OEE II image processor, HiTi is leading the industry in providing 10-bit deep color performance and unparalleled RGB-Level.

10-bit processing = 1,024

R 1,024 x G 1,024 x B 1,024 = 1 Billion Color

Fair (8-bit Color)
RGB level is not continuous

Excellent (10-bit Color)
RGB level is much more continuous

Powered by HiTi Color

HiTi Color Technology, a HiTi exclusive color management system, has won 4 DIMA shoot-out awards and is acclaimed by photographic professionals from around the world.

► Easy-to-Use and Durable Design

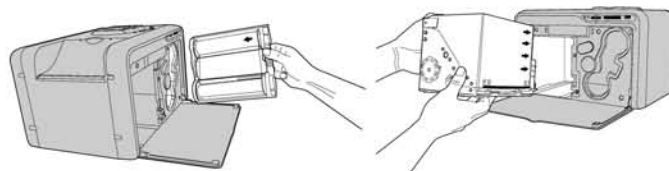

Improved Dust-Proof Housing

The Thermal Printing Head of the P510S/P510Si printer is protected by an integrated dust cover, efficiently reducing contamination.

Easy Replacement of Consumables

The front loading design of the HiTi P510S/P510Si printer allows for easy access to the ribbon and paper roll resulting in easy and efficient maintenance procedures.

Standalone Operation (No Computer Required)

Utilizing a graphic user interface on a 3.6-inch LCD, it is very easy to operate P510S/P510Si printer without the need of a computer.

2-Click to Print

With less clicks and intuitive user-interface design, printing a photo can be a much easier and faster experience.

Hot Key Design for Switching the Printing Modes

P510S/P510Si offer 3 different printing modes specially designed for making Event Photo, ID Photo and Personalized Photo. With hot key design, it is easy and convenient to switch the printing modes.

Varied printing formats in 1 machine

The HiTi P510S/P510Si printers offer users the versatility to print various photo sizes, including 4"x6", 5"x7", 6"x8", and 6"x9"

Useful Storage Design

With a built-in storage device, HiTi P510S/P510Si are able to freely store several photo e-Frames and ID formats for your printing needs. P510S/P510Si also provide collage application, creating added value for your prints.
